audio source simple, so you can play music during breaks in the presentation, stream audio from a computer during a multimedia event, or even play a specific track from a smartphone to handle a special situation. The articulating Bluetooth antenna provides optimum reception while a dedicated volume control conveniently integrates additional audio sources at the touch of a button. The DN410X puts an end to snaking cables from front to back, reaching around to the back and blindly guessing at the input, or worst of all, unmounting the mixer to get at the jacks you need.
