Also Download: App Cloner Premium APK Bully Anniversary Edition Game Features High-Quality Graphics - The high-quality graphics is what matters the most for Android games. The days of low-end smartphones are gone. Now everyone has high-end smartphones that have the capability of running high-end games. Bully anniversary edition app for Android comes with high-quality graphics. The fully optimized graphics are suitable for any smartphone that has more than 4GB of RAM. If you have a low-end smartphone, you can play the game. But you'll have to sacrifice the graphics, which ruins the entire gameplay. In short, the excellent graphics will enhance the gameplay of Bully APK for Android. Complete Bully Package - Bully Anniversary Edition APK is not the only game from this series. There are other versions of this game too. The Rockstar games have added the characters, missions, activities and unlockable items from the other games. In short, it is the complete Bully package for Android. If you've played the other versions of this game, then you'll find the characters, missions, unlockable items, activities, classroom mini-games and others from the Bully: Scholarship Edition. It's awesome to enjoy the game assets from other versions in this game. This enhances the gameplay by ten times. Multiplayer Challenges - Single-player missions are interactive. But they are boring when you are addicted to online multiplayer. Fortunately, the Bully Anniversary edition mod APK supports the multiplayer challenges. You can play the entire game with your online friends. Also, you can challenge your friends for the online classroom mini-games battle. All you have to do is to challenge your friends and start playing when they are ready. The game supports the turn-based multiplayer mode. So, you have to wait till it's your turn. After that, you can start playing the game without any issues. As the game is more of a single-player game, you should stick with it. The multiplayer mode is the added feature, which enhances the gameplay. Cloud Game Save - The cloud game saves feature is introduced by the Rockstar games. The company has introduced cloud support. The game progress that you save locally is automatically saved to the cloud. Which means you can access the progress on all of your devices. If you are using multiple devices, then the saved progress can be accessed on the other phones too. You can start playing the game on another device with access to a cloud account. All you need is the Rockstar account to enable this feature. With this feature, you can ensure to save the game progress safely. Physical Controller Support - Playing such intense games on your touch screen device can be a hectic task. You either have to play the game on Desktop or play the same with controller support. Not all games have controller support. So, you have limited options when using the controller for playing Android games. Fortunately, the Bully Anniversary Edition APK 200mb supports the physical controller. You can attach any third-party controller with your device and start playing the game. The support is seamless, and you won't face any issues with the same.
