You can search and download what you want here with really fast speed thanks to a large number of online users. it allows you to download torrents fast since it has a highly active user base. Many trending and top lists are also offered for you to dig more blockbuster or other resources. 3. The Private Bay/TPBA Official link: in: 2003Based in: Seychelles (disputable)Global alexa rank: 478 Estimated monthly visits: 31.8MInstant download: YTop 3 visited countries: United States, Canada, BrazilBanned in: Iran, Mainland China, Australia, Belgium, Denmark, India (only by some ISPs), Indonesia, Italy (only by some ISPs), Qatar, Saudi Arabia, Singapore, Spain, United Kingdom etc. Every torrenting veteran knows The Pirate BayÅ since it has been one of the most prevalentÅ and successful torrent sites around the world for many years. Even TPB was closed temporarily in March 2017 and 2020 respectively, it soon got back to normal and got around lots of other crackdown actions, showing us how tenacious it is. thatcAAAs why many top torrent lists never considered to keep it off the top spot. TPB is primarily available in English and Swedish (for being established by a Swedish) and now supports up to 35 languages. By offering six main categories (AAA Audio, Video, Applications, Games, Porn and Other, TPB can meet various torrenting requirements. And according to its Top 100Å (download) list, itcAAAs easy to draw that (hot/HD) movies, TV ShowsÅ and Windows applicationsÅ takes the top three ranks of torrent downloads here. When browsing movie resources, about 10 resolution, codec and imaging options are given to help quickly filter the preferred parameters as you like, e.g. 1080p x264 and HEVC HDR. As you can see from above, this site is blocked by many places or certain ISPs in a nation, that is, if you want to remove the blockade, you can change ISP or use VPN to hide your IP address and move Another place accessible to TPB such as the United States, Japan and Canada. 4. Indonesia, China, Finland, Ireland, India, Iran, etc. RARBG is a site that offers high-quality torrent files for users to download it, but does not offer any file uploads. However, it is still a much active site, so in recent years, RARBG has continuously ranked within the top 10 lists of torrents sites of Torrent News Site No.1, TorrentFreak. The copyright infringement has made it the target of blocking access for many places, including the United Kingdom and Canada. And once, Google has eliminated related search results. TorrentFreak also reported that in February 2022, Google has eliminated many pirate domain results in the UK, including RARBG and YTS.MX. To avoid the disturbing emerging ads and the potential risk of privacy, it was suggested that you take advantage of third-party ad blockers and virtual private network services while being taken. What is more, if found in the regions restricted by RARBG, the VPN is still needed to avoid geographical blockage or test its mirror directions that contain rarbg as rarbg.is. 5. NYAA.siÁ has a super simple web design but may still annoy users with extra internal web pages, ads or 18+ adult directions. So youçÁÁÁd better run an ad-blocker in the background if you really hate this type of thing. Note that currently thereçÁÁÁs no official mirror site of NYAA, therefore donçÁÁÁt trust any other links for NYAA if you donçÁÁÁt want to be infected with harmful malware or similar. 6.Á EztvÁ Official link: in: 2005Based in: UnknownGlobal alexa rank: 4.03KEstimated monthly visits: 32.70MInstant download: Y EZTV is a widely known group that distributes TV-related torrents. With a BitTorrent client like uTorrent, you can download any distributed HD/4K episode of TV shows as you like, be it the show on-the-air or a classic one. Users are able to directly filter the resolution and hot codes (e.g WEBRips and X265) before searching. Considering torrenting is illegal in certain countries and the main domain may experience downtime and ISP Blockade (e.g that from Italy, the UK and Australia), EZTV has offered multiple official domains besides the one listed above, for instance, eztv.ag, eztv.it, and eztv.ch. Plus, it recommends users to download a VPN while performing the torrent download for better privacy protection. 7.Á KickasstorrentÁ Official link: kickasstorrent.toFounded in: 2008Based in: UnknownGlobal alexa rank: 4k+Estimated monthly visits: 3MInstant download: YCurrent status: Offline KickassTorrent is another recognized top torrent site brand for many years. Elder torrenters get used to calling it KAT. Although itçÁÁÁs taken down in 2015 since its çÁÁÁ.socÁÁÁ registry was banned, the team soon moved to another domain name and is now available in kickasstorrent.to and kickass.to addresses. But unfortunately, it went down July 2016. Even later, KAT workers created another replacement for Katcr.co to bring together previous KAT members, ended with another closure in 2020. Definitely, Kickasstorrent is now not available today, but it's hard to say it will be revived sometime in the near future. And we will also pay attention to follow-up and update the information in this publication. 8.
